

Campaign for Fair Latino Representation

Conflict of Interest Policy

The Coordinators of the Campaign for Fair Latino Representation, all acting nonpaid volunteers, have adopted a policy requiring that members who hold a leadership position are prohibited from actively seeking employment with the City of New York. We have adopted this policy to avoid any conflicts of interest.

In the case of Janet Alvarez, who is currently being considered for a part-time position with the City of New York, she has not held a leadership position with the Campaign since September 1, 2015, when she resigned as Coordinator.
