CONTRIBUTE TO A PROGRESSIVE LATINO POLICY AGENDA

This is a unique chance to contribute to a Citywide Progressive Latino Policy Agenda that will be made public by February when Mayor de Blasio issues his Second State of the City Address. Latinos are holding local community meetings throughout the city's

Latino neighborhoods to inform this agenda and promote a citywide discussion of Latino issues that the de Blasio administration needs to address. These local meetings will culminate in a historic citywide Latino summit in January where this agenda will be ratified.
